THE RICE WILL CASE.

Bond Offered for Lawyer Patrick Re-
fused by the Officers.

JONES STILL IN JAIL.

Lawyer Gerard Says the Alleged Sec-
ond Will Gives the Entire Es-
tate to Patrick—Letters
Written by Jones.

New York, Oct. 12.—In an attempt to
bail Albert T. Patrick, the late Million-
aire Rice's lawyer, the bondsman, Wm.
S. Long, the real estate broker, was not
accepted, as a judgment of \$1800 against
him had not been satisfied. Lawyers
Grossman and Vorhaus, law partners of
Fred House, counsel for Patrick, and
Valet Charles F. Jones, held a consulta-
tion with the prisoners during the day
and in the afternoon Mr. Vorhaus, accom-
panied Mr. Long to the Center Street
court for the purpose of bailing Patrick.

Mr. Long offered as security for the
\$10,000 bail, four buildings valued at
\$340,000, with two mortgages on them
for \$251,000, but as the above judgment
stands against him he was not accepted.

James W. Gerard, counsel for Captain
James A. Baker, one of the executors of
William M. Rice's first will has sprung
a new sensation by making the follow-
ing statement:

"I have seen a copy of Mr. Rice's al-
leged second will. Patrick's statement
that this instrument left the residuary
estate to him in trust, is untrue. The
whole residuary estate is given to Pat-
rick in fee and there is no mention of
any trust in the instrument. We expect
to file our will for probate in a day or
two. I have been holding back in
order to get a sight of the alleged second
will."

According to an afternoon paper, a
deputy United States marshal has gone
to Texas from here to try and get some
letters written by Jones to a young lady
of Lynchburg, Tex. It is alleged that
in these letters Jones told the young
woman he would be a very rich man in
a short time.

Meeting of Parliament.

London, Oct. 12.—The opinion is gain-
ing ground that parliament will not
assemble for effective work before the
end of January. This interval will
allow Lord Salisbury leisure for reconst-
uting the cabinet and deciding various
questions relating to South Africa.

A report that Lord Cromer has been
summoned to England is probably well
founded. He has been spoken of in
usually well informed quarters as the
man of the cabinet and really his con-
clusion will readily strengthen the gov-
ernment. There are more unlikely
things than that he should be appointed
to succeed Lord Lansdowne at the war
office.

Expelled from the Order.

St. Louis, Oct. 12.—W. T. Powell, who
for seven years has been grand presi-
dent of the Order of Railway Telegraphers,
was expelled from the organization
here by a large majority of the votes of
the delegates present. The vote for ex-
pulsion came after a trial lasting nearly
two days, at which both the prosecution
and defendant were represented by coun-
sel, and careful investigation of the fig-
ures made. The charge against Powell
was conduct unbecoming member and
officer of the order. The investigation
of Secretary Perham is pending.

Makes a Confession.

Tucson, Ariz., Oct. 12.—George Owens,
on trial for alleged complicity in hold-
ing up the Southern Pacific train at
Fairbank, has made a confession, de-
scribing in detail every circumstance of
the holdup. He said that Burt Alvord,
formerly a peace officer at Wilcox,
planned the robbery and organized a
gang for the purpose of holding up
trains on the Southern Pacific road and
Fairbank was to be the first operation.

Collision at a Crossing.

Texarkana, Tex., Oct. 12.—At a cross-
ing of the Texarkana, Shreveport and
Natchez and Cotton Belt roads, about a
mile south of town, a bad wreck oc-
curred. A freight train on the former
road was just making the crossing when
a Cotton Belt freight dashed into it.
Five cars of the Texarkana, Shreveport
and Natchez train were badly wrecked,
while the Cotton Belt engine was badly
damaged. Fortunately, no one was
hurt.

Charged With Perjury.

Athen, Tex., Oct. 12.—John and Arthur
Greenhaw, who turned states evi-
dence in the famous Humphries lynch-
ing cases in the famous Trans-Cedar dis-
trict, and were released by the state,
have been arrested and are in jail here
charged by indictment of perjury in the
above named cases.

Swallowed Chlorate of Potash.

Denton, Tex., Oct. 12.—Paul, the 2-
year-old son of Mrs. Alice Cowan, is in a
critical condition at the family home
from swallowing a large amount of chlo-
rate of potash, which it accidentally
secured. The bottle was on the mantle

and when found 75 of the 100 tablets it
contained were gone.

Oil in McLennan County.

Waco, Tex., Oct. 12.—John R. Rivers
formerly of West Virginia, located petro-
leum in McLennan county, oozing
from the ground at the foot of a hill on
the South Bosque.

Cleveland's Views Not Changed.

Louisville, Oct. 12.—Cleveland in a
letter says his views are not changed on
the financial question since 1895.

HALF THE AMOUNT GONE.

Careless Business Man Out \$5000 by a
Scheme of His Own.

New York, Oct. 12.—Gustave Eck-
stein, a New York representative of a
wholesale cotton house at Savannah, Ga.,
and also one of the partners in it, is trying
to find out what has become of \$5000
which he claims was in an envelope
sent by express marked \$5000, but said
to have contained double that sum
when it was despatched. On being
opened at its destination only \$5000 it is
declared was forth coming.

One day last week Mr. Eckstein went
to the Central National bank, where he
is a depositor, and drew a check for \$10,-
000, asking the cashier, Mr. Young, for
bills of a large denomination. He was
given nine \$1000 bills and two \$500 bills.
Then he asked the cashier to have them
put in a large envelope, as he wanted to
send the money by express. This was
done, and the parcel was handed him.

Then, according to the story told by
the cashier, the cotton merchant took a
pen and marked the envelope \$5000.
That done, he returned it to the cashier
and requested him to forward it to
Savannah along with the rest of the bank
business. The envelope was
directed to Eckstein's brother who is at
the head of the Savannah house. Mr.
Young took it, and Mr. Eckstein left
the bank.

At the close of business Eckstein's
package marked \$5000 was taken to an
office of the Adams Express company
by a messenger of the bank. A receipt
was issued for it and as marked it was
forwarded, together with other packages
of money that had come from the same
bank. Nothing was heard of the mat-
ter until Gustave Eckstein got a tele-
gram from his brother in Savannah say-
ing that the envelope had been received
but it contained only \$5000. It is said
that Gustave Eckstein had written his
brother of the transaction and that the
envelope would contain \$10,000. Mr.
Eckstein has put the matter into the
hands of his attorney.

Sister of Charity Killed.

Helena, Mont., Oct. 12.—Sister Baptista,
a sister of Charity, was accidentally
shot and killed at St. Aloysius
school in this city. St. Aloysius school
is an institution for boys and maintains
a military company, equipped with ob-
solete muskets loaned the school by the
state. One of these guns had been load-
ed and was standing in a corner of the
room, when Johnny Nicholson, an 11-
year-old boy, placed it on a desk. In
some way the weapon was exploded, the
charge striking Sister Baptista in the
abdomen. The unfortunate woman was
conveyed to St. John's hospital, where
she died an hour after the accident.

Drown Herself and Child.

Atchison, Kas., Oct. 12.—The wife of
Rev. Charles Meeder, a minister well
known in the German Evangelical asso-
ciation of Kansas, drowned herself and
her 3-year-old child while temporarily
insane at her home near Farmington.
Mrs. Meeder had been showing signs of
insanity for some time. She arose some
time before midnight, and, without
awakening any member of the family,
selected one of her children and dropped
it through a trap door of the cistern and
then crawled through herself. Mrs.
Meeder was 35 years old and left five
children ranging in age from 7 months
to 12 years.

Banker Pusey Goes Insane.

Council Bluffs, Oct. 12.—W. H. M.
Pusey of the banking firm of Officer &
Pusey, which went into the hands of
receivers a few weeks ago on the death
of the senior partner, Thomas Officer,
has gone insane and was committed to
the state insane asylum at Clarinda. His
condition ever since the death of his
partner has been growing daily worse,
and Tuesday he became violent. Mr.
Pusey has been in the banking business
here since 1856, and at one time was
Democratic congressman from the Ninth
district. Owing to his extreme age his
recovery is doubtful.

Murdered at His Door.

Albuquerque, N. M., Oct. 12.—At Las
Griegos, a small Mexican settlement 5
miles north of this city, a young Mexi-
can sheep herder named Federico Serna
called at the house of Jose Para y Gu-
reule, and when the door was opened
inquired for the "old man" of the
house. As soon as Mr. Gureule put in
an appearance Serna shot him, the bullet
entering near the heart and passing
through the body. Gureule was 60
years old and leaves a large family. The
murderer was arrested by Sheriff Hub-
bel and brought to jail here. He assigns
no reason for the crime.

valued at \$35,000 lire, theft of which
from the vatican were recently reported
to the Italian police, had been stolen
some time previous to February last and
sold in that month on the Paris bourse.
They were stolen, it is asserted, by order
of Italian capitalists. If this story be
true, the more recent burglary was com-
mitted with the object of deceiving the
authorities. This theory has produced
a great impression at the vatican, but is
not generally credited.

FREE BAPTIST COLLEGE.

Will be Located at Wellborn
Rev. A. M. Stewart Elect-
ed President.

The board of directors having in charge the movement to establish a Free Baptist College met in Bryan one day this week and accepted the proposition of Wellborn and located the school there. Dr. J. N. Goodwin, president of the board, presided at the meeting, with Mr. J. L. Edge, secretary. The Wellborn proposition was \$2360.00 already subscribed on the plan proposed and it is intended to make the amount \$3000.00. A building committee was appointed composed of Rev. A. M. Stewart, T. H. Royder, M. G. Buchanan, T. A. Cloud, J. L. Edge, A. B. McSwain and Dr. J. N. Goodwin, and it is intended to begin work as soon as possible and have the school ready to open in September, 1901. Rev. A. M. Stewart was appointed to take the field and work as a solicitor for the institution.

The Eagle congratulates the enterprising people of Wellborn upon this important acquisition, which will do much toward building up their town and add greatly to the county and to this section of the State. Its importance will grow with its years and its influence will constantly widen and increase.

The measure of its success rests largely with the people of Wellborn and vicinity, and the Eagle feels confident that they will measure up to the duty and responsibility they have assumed.

DICASTROUS SERENADE.

Two of the Party Shot and Dangerously
and Painfully Wounded.

New Brunswick, N. J., Oct. 12.—John White of Kingston, shot and painfully injured Thomas Sullivan and William Logan, while they, with a number of others, were tendering him a mock serenade. White, who is 27 years old, left town a few days ago with Mrs. Mary Tice, 74 years old, with the avowed intention of marrying her. All the ministers and justices of the peace in New Brunswick had refused to marry the couple.

They returned Wednesday night and said the ceremony had been performed. A crowd surrounded their house and jeered unmercifully. White loaded a shotgun with tacks and nails and fired into the crowd. Sullivan's body and arms were badly torn by the tacks and nails. Logan was hit in the head and his nose and one of his ears were badly lacerated. The crowd scattered for the time being, but when White left his house later he was attacked by a crowd of townspeople, who handled him roughly. He finally managed to escape and fled from the town. In addition to being 74 years old Mrs. Tice or White is said to be deaf and partly blind.

No New Election Law.

Frankfort, Oct. 11.—The Republican and Democratic factions on the conference committee appointed by the Kentucky legislature to adjust the disagreement over an election bill to take the place of the Goebel election law, failed to agree and leaders on both sides expressed the opinion that a new law will not be passed.

House Voted to

Frankfort, Oct. 12.—The house by a vote of 52 to 45 adopted a resolution to

adjourn sine die at midnight tomorrow night. The resolution requires the concurrence of the senate. It is not believed the adjournment resolution will pass the senate. The conference committee, which had been considering the disagreement between the two factions over the election law, is badly divided.

Successful Trial Trip.

Santa Barbara, Cal., Oct. 12.—The Wisconsin has just completed the most successful trial trip ever made by a battleship and she is pronounced the finest vessel ever turned out by the Union Iron works. The average speed of the entire run of 64 knots was 17.25 knots per hour. The only other battleship approaching this speed is the Alabama, which averaged 17.013 knots and attained a maximum speed of 18.03 knots. From start to finish there was not a marring incident.

Poor Classes Suffering.

New Orleans, Oct. 12.—Rabbi Leucht has returned here from his trip to Galveston where with Rabbi Cohen he distributed a large amount of money subscribed by the B'nai B'rith societies for the relief of sufferers. The rabbi says the condition of the poorer classes is beyond comprehension and that intense suffering is sure to result during the winter unless aid is sent to the stricken city which will enable reconstruction of homes for those who are now absolutely without shelter.

Sale of Danish West Indies.

Copenhagen, Oct. 12.—Replying to a question in the folkling relative to the sale of the Danish West Indies to the United States, Premier H. E. Boering said all agreed that some changes must be effected with respect to the islands and he hoped soon to furnish the necessary explanation and give his views on the subject.

POLITICAL CAMPAIGN.

Bryan and Roosevelt Still Touring in Their Special Cars.

BOTH DRAW CROWDS

Bryan Is Making Speeches in Ohio and Roosevelt in Indiana—Great Demonstration Given the Latter at Indianapolis.

Kenton, O., Oct. 12.—It was not the intention of the Ohio state Democratic committee that Bryan should begin making speeches on his Ohio tour until Bowling Green was reached. This plan, however, was interfered with to a slight extent at Toledo. The special train was brought to Toledo from Saginaw during Thursday night, where it laid over. About half past six o'clock this morning people began to gather around Bryan's car, and it was not long until the clamor was so great that he was compelled to make a short speech. The next stop was made at Bowling Green, 20 miles out, and the third at Findlay, the center of the Ohio gas belt. The Bowling Green speech he made before breakfast and at Findlay afterwards.

Mr. Bryan says Mrs. Bryan will join him on Oct. 27, in New York and remain with him till the close of the campaign. He said after leaving New York and making tour of West Virginia, Maryland, Delaware and New Jersey, he would again return to the Empire State and probably make several speeches on the occasion of this second visit.

At Bowling Green Bryan urged the importance of electing the whole Democratic ticket saying:

"If I am elected president I don't want to be in the White House merely to distribute patronage. If I am there I want to have a chance to sign my name to bills, and I cannot sign a bill as president unless it comes to me, and a bill cannot reach the president unless it passes the house and senate."

Eighteen Speeches by Bryan. Saginaw, Mich., Oct. 12.—With two meetings at Saginaw Thursday night, Mr. Bryan made 18 speeches during the day as follows: Hastings, Nashville, Charlotte, Bellevue, Battle Creek, Marshal, Albion, Jackson, Ann Arbor, Howell, Lansing, Laingsburg, Owosso, Channing, St. Charles, Hay City and Saginaw.

The meetings were generally well attended and some of them were very large. Today Mr. Bryan began with his tour of Ohio. He made his first speech at Bowling Green and the tour will conclude at Cleveland next Monday evening.

OVATION TO ROOSEVELT.

Given the Greatest Reception at Indianapolis of any Political Candidate.

Indianapolis, Oct. 12.—Indianapolis, which is now holding its first fall festival, gave Governor Roosevelt one of the greatest receptions Thursday night ever extended in this city to a candidate for political honors. The sidewalks and thoroughfares were crowded with people through which the party drove with difficulty.

The crowds on the court house square and the streets surrounding it greeted the governor's arrival with a storm of cheers as he alighted at the court house entrance and cannon boomed salutes.

After the speaking the evening was devoted to a big parade. As the procession passed the soldiers and sailors' monument Governor Roosevelt raised his brown campaign hat.

At 9 o'clock this morning the special started out on the third day's itinerary of the Indiana tour.

Welcome at Terre Haute. Terre Haute, Ind., Oct. 12.—This city gave Governor Roosevelt a notable welcome today. A feature was a parade through the principal streets. The audience was composed largely of railroad men to whom the governor made a special address.

Stevenson in Maryland.

Baltimore, Oct. 12.—Adlai Stevenson spoke at Frederick early this afternoon. Leaving Frederick he drove across the mountain to Hagerstown, stopping at Middleton and Boonsboro. There was a night meeting at Hagerstown at which Mr. Stevenson delivered the principal address.

Cleveland Still for Gold.

Chicago, Oct. 12.—A special to The Tribune from Louisville, Ky., says that ex-President Grover Cleveland has replied to a letter written by John S. "I have received your letter inclosing a copy of my letter written more than five years ago to the business men of Chicago. MINERS' CONVENTION.

The Indications As, the Strike Is Yet Far From Settlement.

TERMS NOT SPECIFIC.

Operators Do Not Say How Long the Increase Will Last and Miners Will Ask for More Concessions from Bosses.

Scranton, Pa., Oct. 12.—The convention of anthracite miners, now on strike throughout the entire hard coal fields in Pennsylvania, convened in this city this morning for the purpose of considering the 10 per cent net increase in wages, offered them by nearly all the mine operators in the region.

Most of the delegates will vote to reject the 10 per cent increase until the operators make further concessions. Many of the miners will not favor the advance unless the operators give a guarantee that the increase will be kept in force for a stated length of time; others want the union recognized before they will accept the proposition, while not a few insist upon concessions in the other grievances.

The Wilkesbarre assemblies of the United Mine Workers instructed the delegates to the convention to insist on the following conditions:

1. Recognition of the union.
 2. Powder reduced to \$1.50.
 3. Ten per cent general advance.
 4. Two weeks' pay.
 5. Check docking boss.
6. A contract signed by the companies agreeing to the above to hold good for one year.

The representatives of the big coal companies when shown the list of grievances which the miners of the Wyoming valley insist upon the convention enforcing, said there would be no settlement of the strike on such a basis. The individual operators say any further concessions than those offered are out of the question.

The convention was called to order by President Mitchell, who delivered an address which was well received. The convention adjourned until the committee on credentials could report.

W. D. Ryan, secretary-treasurer of the United Mine Workers of Illinois, said the miners of his state have at least \$400,000 in their treasury, and added that if the anthracite miners needed help, that fully \$250,000 would be sent them in a few hours.
